March 27, 2020

Dear Coventry Families,

In addition to our building guidance counselors, Coventry Schools partners with Greenleaf Family Center to provide social, emotional, and mental health supports for our students and families.

If you feel your child is in need of care in these areas, please do not hesitate to reach out to Greenleaf with your concerns.

Greenleaf Press Release:

Greenleaf Family Center counselors are still available for students and families! Greenleaf Family Center is considered an essential human service agency and, though our Governor has issued a Stay at Home Order to reduce the risk of spreading the COVID-19 virus, we are still serving our current clients and accepting new clients!

All services will be conducted by phone or video until the COVID-19 concerns are resolved, but we assure you we will continue providing the essential services you need and want during this time.

For more information about Greenleaf Family Center please visit our website at:

www.greenleafctr.org.

To contact us to schedule or reschedule an appointment, please contact:
