

Spotlight on Learning!

TEACHER FEATURED: MRS. CONNIE STEWART, KINDERGARTEN

1. # of Yrs. Teaching:	20
2. Teaching in Coventry:	All 20 years in Kindergarten (where her heart is 😊)
3. Favorite thing about teaching:	Hard to pick just one... has to be the start of a new year and children's excitement about starting school.
4. Hope/Goal for the children:	Overall hope for the students would be that they learn and progress during school and end the year loving kindergarten! Also, for the students to ultimately graduate and follow their dreams.

LEARNING FOCUS: SEQUENCING

At first glance, one might think these kindergarten students are simply coloring and cutting pictures. However, a deeper level of learning is taking place in Mrs. Stewart's classroom. Using the classic children's book, *Brown Bear – Brown Bear*, the students are recognizing patterns, learning about order, and the sequencing of events. Here is the best part – they are loving every minute of it!
